GIS 14TH NOV DAY

GIS Day is Wednesday 14th November.
Celebrate how geographic information systems or
GIS technology is making a difference in our society.

INVESTIGATE!

We do maps now, Maps are cool!

GIS related activities that school teachers and classes can use:

Online curriculum material from the LINZ geospatial Virtual Field Trips, from CORE Education's LEARNZ Programme:

- **hae.re/2013:** Welcome to Geospatial
- **hae.re/2014:** Skills, tools and data
- **hae.re/2015:** Using drones and tools
- **hae.re/2016:** Land, sea and air
- **hae.re/2017:** Natural Hazards
- **hae.re/2018:** Land, Sky and Space

2017 Map My Waahi: **hae.re/2017mmw**
2018 Map My Waahi: **hae.re/2018mmw**

Eagle Technology GIS in Schools Lesson plans for the NCEA Geography spatial analysis standards. **hae.re/geo18**

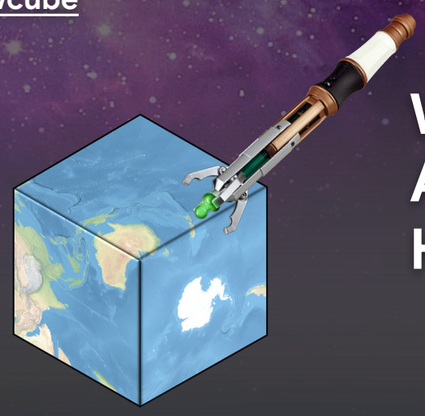

NZ Cartographic Society 2016-2017 Children's Map Competition - see the Winners!
hae.re/mapcomp

it's a
Happy Mappy, Finey Liney kind of thing!

Create your own 3D Cube!

Download a PDF, print and sellotape together to create your own map cube.

hae.re/cube

WE ARE HERE

www.gisday.com

PROCRASTINATE!

There's a map that doesn't make sense. Let's go and poke it with a stick!

Explore classrooms around the world

London to the Himalayas!
hae.re/school

Bigger on the Inside?

Or smaller on the outside?
hae.re/tardis

Virtual 360 Views of NZ's Great Walks

Explore the rainforest at your place.

hae.re/walk

Ready for an off this world experience?

Ever wonder about the moon's dark side?

hae.re/moon
